# Firefighters

## Can you make your community a safer place?

Being a Firefighter is not just about responding to fires and other emergencies, it's so much more... preventing accidents from happening by communicating our safety messages to schools, businesses and community groups is an essential part of a Firefighter's role.

Our Firefighters are all from diverse backgrounds and bring different skills, knowledge and qualities to the role and the communities that they serve.

To succeed as a Firefighter you should be a team player with the ability to remain calm and confident in a variety of situations.

We provide a highly competitive salary and benefits package and excellent career development and promotion opportunities.

Due to the sensitive nature of the duties that you will be expected to undertake, a standard disclosure from the Criminal Records Bureau will be sought if you are successful.

For more information visit our website at [www.emrmb-fire.gov.uk](http://www.emrmb-fire.gov.uk).
